### Lifeline SPAC I in brief

*Lifeline SPAC I Plc is a Finnish Special Purpose Acquisition Company founded for corporate acquisitions. We raised capital with an offering and listed on the SPAC segment of the regulated market of Nasdaq Helsinki. Our objective is to carry out an acquisition within 36 months from the listing. We offer investors an opportunity to invest in companies that retail investors or many institutional investors otherwise would not be able to invest in, because these kinds of investments are typically made by later-stage private equity funds. Our aim is to generate profit for shareholders and increase the value of the target company by supporting its growth and development also after the acquisition. Our primary strategic goal is to identify and merge with an unlisted technology-focused Nordic company with high growth potential.*
