About Pohjolan Voima Oyj

Pohjolan Voima is an 80-year-old Finnish energy company. We are one of Finland's largest energy producers - our share of the total electricity generation in Finland is around 20 per cent. We produce electricity at cost price to our shareholders' needs with hydropower, thermal power and nuclear power. Our shareholders are a wide range of Finnish industrial and energy companies. Already 97% of our electricity generation is already carbon neutral, and the trend continues. Our purpose is to create decisive power to strengthen competitiveness and contribute to a better tomorrow.
