Scanfil to publish half-year report for January-June 2024 on 6 August at 8 a.m. EEST

Scanfil plc is to publish half-year report for January-June 2024 on Tuesday, 6 August 2024 approximately at 8:00 a.m. EEST (7:00 a.m. CEST).

Online meeting for analysts, investors and media will be held in English on the same day starting at 10:00 a.m. EEST (9:00 a.m. CEST). Results will be presented by CEO Christopher Sut and CFO Kai Valo.

You can join the online meeting [here](#). The audience can ask questions via chat. Questions will be addressed at the end of the meeting.

An on-demand version of the webcast and the presentation material will be available on the company's website later the same day.

Scanfil in brief

Scanfil plc is Europe's largest listed provider of electronics manufacturing services (EMS), whose turnover in 2023 amounted to EUR 902 million. The company serves global sector leaders in the customer segments of Industrial, Energy & Cleantech, and Medtech & Life Science. The company's services include design services, prototype manufacture, design for manufacturability (DFM) services, test development, supply chain and logistics services, circuit board assembly, manufacture of subsystems and components, and complex systems integration services. Scanfil's objective is to grow customer value by improving their competitiveness and by being their primary supply chain partner and long-term manufacturing partner internationally. Scanfil's longest-standing customer account has continued for more than 30 years. The company has global supply capabilities and nine production facilities across three continents. www.scanfil.com
