Scanfil in brief

Scanfil plc is the Europe's largest stock listed electronics manufacturing services company in terms of turnover. The company serves global sector leaders in the customer segments of Industrial, Energy & Cleantech, and Medtech & Life Science. The company's services include design services, prototype manufacture, design for manufacturability (DFM) services, test development, supply chain and logistics services, circuit board assembly, manufacture of subsystems and components, and complex systems integration services. Scanfil's objective is to grow customer value by improving their competitiveness and by being their primary supply chain partner and long-term manufacturing partner internationally. Scanfil's longest-standing customer account has continued for more than 30 years. The company has global supply capabilities and eleven production facilities across three continents. www.scanfil.com
