#### Scanfil Regional Segments Comparison Figures

On September 20, 2024, Scanfil announced the reorganization of the company into four regional segments: Americas, APAC, Central Europe, and Northern Europe. This change aims to bring decision-making closer to business and support growth. Starting from Q1 2025, Scanfil will report financial figures for these segments to improve transparency.

Additionally, Scanfil will begin reporting EBITA at the Group level and for each regional segment from Q1 2025. This will provide a more detailed view of the company's operational performance.

The release includes comparison figures in Excel for the new regional segments for 2023-2024, covering turnover, EBITA, operating profit (EBIT), and the number of employees.
